

The NAIW (International) Legacy Foundation was formed in 2006 as the philanthropic arm of NAIW (International), The Association of Insurance Professionals, best known for providing skills enhancement, education and leadership development to its members.

NAIW (International) members represent every facet of the insurance and risk management industries. Members of the association are located throughout the United States, Canada, Puerto Rico and other countries.

The purpose of the NAIW (International) Legacy Foundation is to promote the continuation of the insurance and risk management industries by educating both insurance and risk management professionals through:

- o Development of new education programs related to both the insurance and risk management industries.
- o Presenting education seminars, workshops or keynote speakers to further educate professionals employed in both the insurance and risk management industries.

As its first education initiative, the NAIW (International) Legacy Foundation funded the development of a new Life and Health Insurance Basics course which is currently available for classroom presentation to NAIW members as well as other industry professionals.

NAIW (International) Legacy Foundation's 2009 fundraising campaign begins in September and will conclude at year's end. This year's initiative is called the "Pacesetter Campaign." Each member making a donation of \$25 or more between September 1, 2009 and December 31, 2009 will be recognized as a Pacesetter contributor. The region with the highest number of Pacesetter contributors will receive special recognition in the spring issue of the NAIW publication, *Today's Insurance Professionals*, as well as recognition at the NAIW Annual Convention. The target for the 2009 fundraising campaign is \$50,000 in contributions. Each member's support of \$25 (less than 7 cents/day) will allow the Foundation to meet and exceed this target.

Contributions from the Pacesetter campaign will be used to fund new NAIW educational programs.
